## Benefiting Devian Rivera!

**A 6yr old Stockdale Elementary student with a with a genetic disorder, Ectodermal Dysplasia. With this disorder his body does not sweat , he is unable to cool his body temperature, has a blood disorder (IGA & IGM), and has a lack of an immune system. We are raising money to help with the cost of a cooling vest and help with other medical costs. Devian has to receive immunoglobulin infusions every 4 weeks. This creates a large burden on the family finances.**
