

TEXAS LIONS MUSEUM

Bridging the Past to the Future in Lionism

Report for Texas Lions Museum and Office

First let me thank you for your efforts and commitment in these trying times.

It is with great pride that I submit our report on the activities of the Museum and Office building.

We have just completed the construction of Phase I of your building (the remodeling of the entrance and office area) in which we have established the office area for the state, remodeled the board room as well as break room and a men's restroom has been added to the main area. The interior is being decorated and memorabilia is being gathered by Sheryl Butler and Lion Whitney Livingston our Curator. We have purchased special filing cabinets for \$12,000.00 to insure the safety of our memorabilia.

We have established our Texas Lions Museum logo and motto "Bridging the Past with the Future in Lionism" in addition to the logo for the Foundation.

Speaking of the Foundation, the board of trustees would like to thank all those who have acknowledged their support by contributing to our "build out program" and continued giving. As always there is a need, we now move into Phase II of construction for the remodeling of the display area. It is estimated that the cost of the building remodeling for Phase II at this time is \$60,000.00. Lion Whitney is planning some exciting things with displays and fixtures being planned to bring to life the past.

Please log on to the website and watch us grow. We ask that you as the leader of Lions in Texas will urge your clubs to continue to support the Museum and Office with their annual charity contribution as well as recognizing members of their clubs with the prestigious "Ebb Grindstaff Fellow" or a Life membership showing support in "Bridging the Past with the Future."

If I or any member of the board can be of help please contact us. Contact information may be found on the Texas Lions Museum website.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'John Lee', with a long horizontal flourish extending to the right.
